NEW IMPROVED

ZEAL
The Gold Standard Since 1888

Zeal ACT8002 The Advanced Antibacterial, Antiviral Tympanic Ear Thermometer

ACT8002 The New, Improved ACT8001

We have taken on board your suggestions and our new model ACT8002 incorporates many new features whilst retaining the attributes of the ACT8001. Designed to help save lives it also offers a considerable cost saving over inferior, more expensive products. Incorporating the most up to date technology with many advanced features ACT8002 is accurate, reliable, and easy to use.
Hands-free probe cover installation and disposal also helps to eliminate Healthcare Acquired Infections. Replacement probe covers Medcov8002 (box of 400 covers) are available at low cost.

Zeal's ACT8002 Tympanic thermometer designed for professional clinicians throughout the National Health Service; Hospitals, CCG's, Doctors Surgeries, Nursing Homes, Field Hospitals and the Ambulance Emergency Services

The Gold Standard Since 1888

Probe Covers for Tympanic Ear Thermometers

The Clinicians Choice - 10s of millions used by the NHS

ZEAL Tympanic Ear Thermometer Probe Covers

- Safe Materials – Manufactured without BPA or latex, ensuring suitability for sensitive skins and healthcare environments
- Hygienic – Single use design helps prevent cross-contamination and lowers the risk of hospital-acquired infections (HAIs)
- Reliable Accuracy – Protects the thermometer lens from debris and scratches, preserving measurement precision
- Best Practice – For optimal hygiene and consistent results, it is essential the probe cover is replaced after each use
- **Lowest cost**
