ZEAL

HIGH ACCURACY

Fingertip Blood Oxygen & Pulse Monitor

YM101 FINGERTIP PULSE OXIMETER FOR CLINICAL & HOME USE

ZEAL'S YM101 FINGERTIP PULSE OXIMETER ENABLES YOU TO ACCURATELY MEASURE BLOOD OXYGEN SPO2 LEVELS & PULSE RATES.

MODEL YM101 Fingertip Blood Oxygen and Pulse monitor measures blood oxygen levels %SPO2 and pulse rate. It has an alarm, Bi-directional Red 1.5" LCD display, adjustable brightness, auto shut off, low battery indicator and is IP 22 water resistant.
ZEAL ORDER CODE: M8023

Zeal's Fingertip Pulse Oximeter is safe, hygienic and easy to use. It works by using a light sensor on the finger to detect SPO2 readings. It is a non-invasive device used for spot-checks of the oxygen saturation of arterial haemoglobin (SPO2) and the pulse rate of both adults and children. Ideal for home and hospital environments, Doctors Surgeries, Care Homes and the Emergency Ambulance services.

The YM101 Fingertip Pulse Oximeter incorporates many advanced features at a very economical price.

FEATURES INCLUDE:

- Blood Oxygen Data
- Perfusion Index
- Pulse Rate Bar Graph
- Configurable High or Low SpO2 and Pulse Rate limits for visual alarm settings.
- Adjustable Display Brightness
- Auto-off
- Low Battery Indication
- IP22 Water and Dust resistance
- ZEAL ORDER CODE:M8023
